

ABALINX ONLINE HONEYPOT

Abalinx 3 March 2020 Peter Adamis

Introducing the [Abalinx online Honeypot](#). It was designed to capture hackers, recalcitrants, sycophants, rainbow warriors, wannabe computer gurus, the dark side, left wing loonies, dingoes, communists, socialists, left wing loonies, Janus brotherhood members, false prophets, disloyal serial pests. So far we have captured the details of 72 serial online pests. These are used effectively during our cyber security counter measures. Please note that due to legal reasons protected documents will not be displayed publicly until those legal issues have been settled.

An updated version of the Abalinx Archives has been reintroduced for those seeking other articles of interest. They may be found at the top left hand menu of the website or by visiting the following link displayed below:
